

Pleasant Park Neighborhood Association  
Monthly meetings minutes

September 11,2007

Meeting was called to order by Steve Moran.

The officers and board nominating slate will be presented next month. Still looking for volunteers!

Dick Burrows gave an interesting talk on solar power and how he has incorporated it into the design of his home. There will be a solar home tour sponsored by NREL October 6-7, 2007, starting at the library of NREL.

No new news regarding Conifer Corners.

Respectfully submitted,

Joan Laden  
Secretary
